**"HOUSEHOLD LABOUR FORCE SURVEY, FEBRUARY 2014"**

**NEWS RELEASE**

The new regulations for Household Labour Force Survey were carried out with the period of February 2014 within the framework of the European Union criteria. These are;

- i. Household labor force survey to be implemented in every week of the year (52 weeks),
- ii. Change of the sampling design,
- iii. Taking into account the basis of a new administrative division,
- iv. The use of new population projection estimates,
- v. Changing the duration of job search used in unemployment criteria.

These changes will be given in detail with news bulletin.

Additionally, previously given in urban and rural periodic results, together with the period of February 2014 will only be given on the basis of Turkey.

"Household Labour Force Survey, February 2014" news release announced on 15 May 2014 on at 10:00 will be published including these new applications and comparable with the 2013 results retrospectively estimated with the new regulations.

Respectfully announced.
