### **ANNOUNCEMENT**

Central Government Budget Appropriations or Outlays on Research and Development data are measuring according to the both initial budget appropriations and final budget expenditures using data from budgets government support to R&D activities, or, in other words, how much priority Governments place on the public funding of R&D.

GBAORD data are the first time built up for 2008-2013 in Turkey using the guidelines laid out in the Proposed standard practice for surveys of research and experimental development - Frascati Manual.

Central Government Budget Appropriations and Outlays on Research and Development, 2008-2013 Press Release which is not involved in the National Data Release Calendar is due to be released at 10:00 a.m. on 27 June 2013,

Announced to the public with respect.
