ANNOUNCEMENT

“Use of Information and Communication Technologies and Media by Children aged 06-15, 2013” which is not involved in the “National Data Release Calendar” is due to be released at 10:00 am on 22 August 2013.

Within this scope, following indicators have been calculated for children:

- Computer and Internet usage,
- Mobile phone usage,
- TV viewing habits,
- Newspaper and magazine (printed) reading habits.

Formerly being 16-74, the coverage of TurkStat's Survey on ICT Usage in Households and Individuals has been widened to include children between 06-15. The fieldwork of the questionnaire prepared for children between 06-15 has been carried out during April-May, 2013 period.

Announced to the public with respect.
